Monday, 2 February 1958

25X1

PRESENT: Messrs. Dulles, Wisner, Wolf, Becker, [REDACTED] Messrs. Holmes, [REDACTED]

Mr. Dulles:

a. Noted that Mr. Cutler was very much interested in our "Daily"; however, he had requested that we eliminate distribution of Watch Committee reports to him. Mr. Becker stated this report was prepared by G-2 and represented the views of the intelligence community; therefore, Mr. Becker said he would discuss this matter with Mr. Cutler. DDCI asked Mr. Becker also to furnish Mr. Cutler for the President an analysis and amplification of certain items contained in the CIA Daily of 30 January. DD/I noted this was already under way. In connection with furnishing intelligence material to Cutler, DDCI asked that we provide [REDACTED] in addition to the copy furnished the President.

b. Stated we should consider briefing the President and the Secretaries of State and Defense on "special intelligence" particularly emphasizing security precautions in regard to this material. Mr. Becker noted that [REDACTED] should be S.O.P. for the appropriate people in the Departments of State and Defense to conduct such briefings for the Secretaries and, in response to a query from DDCI, stated that the Director of Central Intelligence as Chairman of USCIB should brief the President and Secretaries of State and Defense if a further briefing was required.

c. Noted that Mr. Sourwine of the McCarran Committee had made an indirect offer to furnish CIA, if requested, with a copy of the recent testimony of [REDACTED]
